

**IF YOU'RE AN ENTREPRENEUR OR RESEARCHER AND WISH TO DEVELOP YOUR BIOTECHNOLOGY PROJECT, THIS IS THE RIGHT PLATFORM TO BRING IT TO LIFE AND TRANSFORM IT INTO A BUSINESS PROJECT.**

The facilities of the **Biotechnology Business Incubator** (Bioincubator), located in **Castilla y León at the Boecillo Technology Park in Valladolid, Spain**, are fully prepared for the start of activity, with state-of-the-art laboratories and equipment and very advantageous setup conditions.

The Biotechnology Business Incubator was created by the regional government Junta de Castilla y León in collaboration with the **Spanish National Research Council (CSIC)**. This agency attached to the **Spanish Ministry of Science, Innovation and Universities** provides technical support to laboratories and collaborates with companies, hospitals and research and technology centres.

**Entrepreneurs receive a free rental rate in the first year for the facilities.** By gaining access to public and private financing, developing your business plan, searching for collaborators at universities and research centres and sharing technology, training and specialised information, you'll position yourself strategically in the market and be a strong competitor.

The Bioincubator it allows you to share space and experiences with other growing companies with great enthusiasm and innovative ideas. In short, it's a **dynamic environment** that **encourages collaboration**.
