

Histocell is a Basque biopharmaceutical company focused on advanced therapy medicinal products, medical devices, and dermocosmetics for regenerative medicine.

**WE ARE
HIRING**

For the Research and Development Department, we precise to hire:

A STEM CELL RESEARCHER FOR ADVANCED THERAPIES

JOB SUMMARY

We are looking for a researcher with a BSc, MSc, or a PhD degree in cell biology or equivalent, with experience in Advanced Therapies, Mesenchymal Stem Cells, Cells Secretome and/or Exosome, and Induced Pluripotent Stem Cells (iPSC).

This position will be based at the Technological Park of Biscay (Spain).

JOB DESCRIPTION

The candidate will participate in the development and management of projects based on iPSC cells, secretome and/or exosome products for new therapeutic strategies.

Applicants need to have proven experience in culturing and maintaining stem cell cultures (differentiation and functional characterisation).

REQUIRED SKILLS

- Bachelor, Master or PhD in Life Sciences or related discipline, with five or more years of research experience, preferably in industry.
- Expertise in cell culture technologies/equipment (stem cell culture, iPSC, cells secretome and/or exosome).
- Cell and molecular biology techniques: microscopic imaging, flow cytometry, cell-based assays, immunocytochemistry, ELISA.
- Ability to work independently and in a team environment, and to plan and conduct experiments, and to adapt experimental design based on emerging data.
- Strong interpersonal and communication skills (written and verbal).
- Fluency in English.

RESPONSIBILITIES

- Project management and execution, data analysis, preparation of scientific reports.
- Experimental research work in stem cells projects.
- Keeping technical skills and knowledge up to date, in accordance with our Quality Assurance System and SOPs.

BENEFITS

Histocell is committed to provide unique professional career development opportunities, in a young and growing research company, with a highly stimulating work environment and state-of-the-art infrastructures. We embrace diversity and inclusion in our hiring practices.

To check out our projects and portfolio, please visit our website www.histocell.com.

We offer a permanent contract. Salary might vary depending on the profile and qualifications of the selected candidate.

All applications must be addressed to Paola Salanueva (HR Manager)
