

II International Congress

ATG building the Spanish Synbio Ecosystem

1 & 2 July 2023
Barcelona Biomedical Research Park (PRBB), Barcelona

Why should you attend?

Join the conversation in this one of a kind event for KOLs, investors, companies and stakeholders building the Spanish synbio ecosystem

- Hear how our speakers are solving current challenges using synbio
- Start-up Pitch competition
- Network with investors & founders
- Beautiful location right in front of the beach

Confirmed speakers

Nate Tedford
Head of Foundry
Ginkgo Bioworks

Gijs Jochems
General Manager
Promega Biotech Iberica

Paul Freemont
Imperial College London
& SynbioVen

Nadège Grabowski
Synbio head
Zaz Ventures & Da Vinci Lab

Mark Bünger
CTO & Co-founder
Futurity Systems

Sara Holland
IP advisor to the Synthetic
Biology community

José Manuel Baena
CEO Regemat3D
& Venture builder

Morgan Richards
Community Lead
ValleyDAO

Dorothy Zhang
Vice President of iGEM
Foundation

Javier Terriente
ZeClinics & AseBio

**And many more!
Come to find out.**

Confirmed speakers

Roger Cabezas
Knowledge Manager
CERCA

Alya Masoud
Head of iGEM Start-
Ups Venture Foundry

Julia Gil
Programme Manager &
Scientific Lead at
Proveg Incubator

Joana Magalhães
Science for Health,
Project Manager
STEAM

Carlos Vivar
Co-founder
Steamshippers & Data
science expert

Nurio Albó
Lead Data Scientist
at Futurity Systems
| Data Analyst |
Innovation | Project
Manager | Futures
Synthesist

Marc Güell
Tenure track professor at
Pompeu Fabra University
| Translational Synthetic
Biology Laboratory |
Integra Therapeutics |
Sbiomedic

Conchi Novillo
Scientific Affairs
Manager, Seeds &
Traits at Bayer
Crop Science

Luis Martín
CEO y Co-fundador de
CancerAppy. Socio en
Estudio NOTE. Global
Executive MBAe

Sira Mogas Díez
CEO at KOA Biotech.
PhD in Biomedicine

**And many more!
Come to find out.**

KOLs, investors & stakeholders

AseBio
Spanish Association of Bioenterprises

CERCA
Research Centres of Catalonia, EU benchmarks in deep tech

Futurity Systems
Science-Based design for building futures

ZeClinics
Powering discovery with Zebrafish

CancerAppy
AI to discover new cancer therapies and treatments

ValleyDAO
Community collectively financing SynBio to protect the future of our planet.

Ginkgo Bioworks
The biggest synbio company in the world.

Promega Corporate
Worldwide leader in applying biochemistry and molecular biology to the development of innovative, high-value products for the life sciences

Zaz Ventures
Fundraising for European Deeptech Innovators | Horizon Europe | EIC Accelerator | EIC Transition | EIC Pathfinder

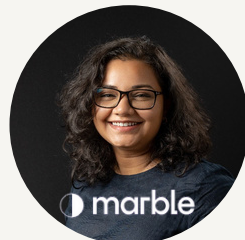

Bayer
Leading multinational in pharmaceuticals and life sciences, driving innovation for better health and sustainable solutions.

Steamshippers
Organises rewarded hackathons and challenges about STEAM & synbio problems.

G2galgae
Unleashing the power of microalgae

Lipsa Nag
Venture Science Associate at Marble

Saurabh Tak
Venture capital in Deeptech & | Sustainability | EIT Health coach | PhD Synthetic biology

Nana Bit-Avragim
Creating & Building New Market in Healthcare & Biotech Health Data Democratization & Blockchain

Cecilia Manduca
VC Investor at Talis Capital

**And many more!
Come to find out.**

Preliminary schedule

July 1st
Saturday

Building the Spanish Synbio Ecosystem with Promega, Asebio, Regemat 3D, Paul Freemont, Valley DAO, Da Vinci Labs, Marc Güell, Bayer, Joana Magalhães

Speed dating 1:1
Potentials and risks of synbio innovation and milestones for STEAM entrepreneurship

One Health, transition toward sustainability

July 2nd
Sunday

Mark Bünger
Sara Holland
Zaz Ventures
Futurity Systems
IABiomed
CERCA

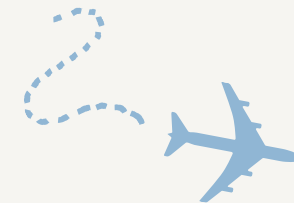

Start up pitch competition, iGEM
Meetup & pitches, early stages startups with iGEM
Startup pitches

Workshops on career opportunities and talent development

Stay tuned to our website to see the whole calendar!

Science communication challenge, networking opportunities, 5 panel discussions and cocktail evening by the beach (limited spaces)

ATG team: All Together Growing

All Together Growing (ATG) was born out of a burning passion to revolutionize the SynBio community in Spain.

Our logo, ATG, is not just the starting codon for protein translation; it also represents the beginning of a transformation in the Spanish Synbio ecosystem.

We want to build together the SynBio Ecosystem with you 😊

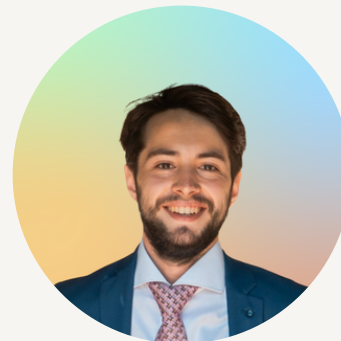

Fran Antequera

Jaume Puig

Marina Tapias

José E. Escrig

Isabel Antequera

Advisors, sponsor and collaborators

Elena Rivas
Asebio vicepresident
& A4cell CEO

Gijs Jochems
General Manager
Promega Biotech Iberica

José Manuel Baena
CEO Regemat3D
& Venture builder

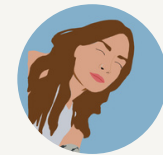

@jorgemo1999

@Sim_biotica

@Biodipia

@nuurgcs

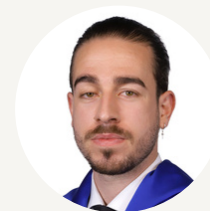

Jaume Ros
BSc Biomedical Science Student
& iGEM UB 2023 Team leader

Lucía Sánchez
Biotechnologist & MSc in
Biomedical Science

Claudia Gómez-Pastrana
BSc Biomedical Science Student
& Ex-participant of iGEM 2022

Jorge Martínez
Biomedical Researcher
& Science communicator

Simran Ramchandani
Biology student | Lab technician
Founder of Sim_Biotica
Co-director of Biodipia

**Begoña de Frutos
Martínez**
CEO Esdivur and science
disseminator

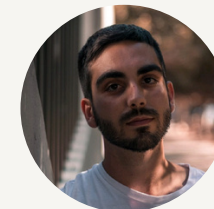

Dijith Rajan
Microbiologist, Bio-Entrepreneur
and Published Researcher

Ana Blanco-Fernández
Biomed. scientist & MSc in
Pharma & Biotech Industry

Nuria García de la Camacha
Biology student
Co-director of Biodipia

Álex Aldaya
Biomedical Data Science

Platinum sponsor

Promega Biotech Iberica

Spanish and Portuguese branch of Promega, the worldwide leader in applying biochemistry and molecular biology to the development of innovative and high-value products for the life sciences.

Barcelona Biomedical Research Park (PRBB)

The Barcelona Biomedical Research Park (PRBB) is a large scientific infrastructure with seven public research centers. It was an initiative of the Government of Catalonia, the Barcelona City Council and the Pompeu Fabra University (UPF)

New England Biolabs

New England Biolabs (NEB) is a leader in the discovery and development of molecular biology reagents.

II International Congress in Synthetic Biology, STEAM Entrepreneurship, and Social Innovation

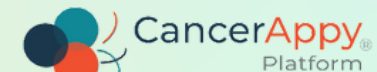

1 & 2 July, 2023

Barcelona Biomedical Research Park (PRBB),
Barcelona

Synbio & Bioengineering

STEAM entrepreneurship
